

# SI-R6-JD

Jockey seat STANDUP

MARINE SUSPENTION SEATING

These jockey seats have been designed to be deck mounted and give full comfort of a jockey seat with all the benefits of a suspension unit with 140mm of progressive travel. the suspension shock gives 140mm of travel with adjustment for weight/damper and rebound.

These seats also benefit from a collapsible seat cushion to stow away to gain more deck space. only with SHOCKISO this collapses with one hand and in one swift motion the backrest rises up to support you in a standing position.

- 304/316 stainless steel
- Powder coated white or black
- DU dry bearings
- 140mm of progressive travel
- 100mm high options.(adjustment in 50mm increments)
- coil spring shock with 3 adjustments - preload, damper, rebound
